

## How do I see my active and expired subscriptions? (Sold-Service Status)

Last Modified on 09/03/2021 3:19 pm EDT

The sold-service status feature allows you to have visibility on active (and expired) subscriptions to your offered services such as VIP FanClub and Membership.

To find this, go to your drop-down menu > Earnings > My Earnings > Sold-Service Status. (<https://www.manyvids.com/View-my-earnings/>)

There's a filter that allows you to select the service you want additional info for. You also have the option to send a message all members with expired subscriptions to prompt them to re-subscribe!
