

How can I start or end my Live Show?

Last Modified on 07/09/2024 2:28 pm EDT

Starting a Live Room

You can create an Live Room by clicking on the cam icon > Go Live

When loading the page for the first time, you will need to allow the page to access your cam & mic. To do so, simply click on the <Allow> on the pop-up located underneath the browser's address bar.

From Settings, click AV to enter your Audio & Video sources:

Going Live

Once you're all set to go live, click the <Go Live> at the top of your room. Your fans can now come watch you live and send you tips!

Ending your Live Room

When you are done, end your room by clicking <Leave Room> and confirm.

Live is a feature packed platform, so be sure to check out our [other Live articles](#) if you need any help setting these features up!

Have a great show!
