

How do I make a vid exclusive to my Membership?

It is up to you if you want to include or exclude a vid from your Membership.

If you want to really entice a fan to sign up for your Get my vids Membership, then you can create vids that are exclusive to your Membership and they can only access if they subscribe! Or, if you have some remarkable vids that truly need to stand on their own you can also exclude any vids you wish from your Vid bundle Membership package, so they are sold separately!

The vids that are exclusive to your membership will show "Membership" where the price would normally be, and instead of an "Add to cart" button, there will be a "More Info" button that shows your different Membership options.

To do this, go to your:

1. Drop-down menu
2. Dashboard
3. Manage my store
4. Content Manager
5. Locate the vid and hitting the 3-dots to the right of it
6. Click Edit
7. Go to the section titled "Your Membership" and click the box labeled "Exclusive (this vid cannot be purchased outside of your membership)"
8. Click Save

Your vid is now only available as part of your Membership!
