

How do I hide my followers?

Last Modified on 07/29/2020 3:14 pm EDT

To hide your followers from public view so only you can view them, go to your profile (drop-down menu > My MV > My Profile) and hit at the top. You will see a column that says "Who can see your followers?". Hit the switch to change it from "Public" to "Only Me".

You can do the same for who you are following by hitting the sub-tab and hitting the same switch.
