

How long does it take to get approved?

Last Modified on 03/25/2024 7:41 am EDT

The MV Team will be handling your application, and you will hear from us within 24 to 48 hours from when you send the application.

Please be sure you have provided the following:

- a clear close up of your valid, government issued photo ID showing all the details
- a photo of yourself holding your ID along with a sign that has the following 4 things written (all in one photo): 1. Today's Date / 2. Date of Birth / 3. Full Legal Name / 4. the word "MANYVIDS"
- a clear photo of the back of the ID (if there is important information there, such as your birth date or the ID's expiry date)

In certain cases we require additional information to get your account approved so make sure you're watching for an email from the MV Team. If it's been more than 48 hours, check your Spam or Junk folder, or add **noreply@manyvids.com** and **help@manyvids.com** to your safe senders lists.

If you have any questions regarding your **Creator** application, please reach out to our MV Support Team on help@manyvids.com.
