

How do I set up my Video Chat service?

Last Modified on 07/29/2020 3:52 pm EDT

If you're looking for a great way to connect with your fans, Video Chat is the right service for you. This service enables you to get to know your fans better and is a great alternative to camming, especially for the fans that desire one on one engagement at a more intimate level.

With this service, you have the freedom to manage and deliver it through your application of choice, just be sure that the application you select is suitable for NSFW content.

Setting up this service is easy! Go to your drop-down menu > My Content > Add/Edit Services. From there, locate Video Chat > Click to set it up. You'll need to include, the name of the application that you will use for the video chat, your video chat username and the rules pertaining to this service. To clarify, these rules are the restrictions or specifications of things that you will or will not do during the chat. Next you'll need to set up the minutes or time that you offer and the price for each. You're also able to promote a specific video chat offer, to entice your members to buy it. Remember to hit for the service to be activated on your profile!
