Did you know: Being active on in the FanClub and interacting within your activity feed is currently the most effective way of gaining new fans and generating sales?

Yes, you heard right, being an active member in the MV Community comes with benefits! Not only can this increase your sales but it will also help you connect with the MV Community at large.

How do I interact with posts? With the activity feed you can **Love** to show your support, **Comment** to be heard or **Re-MV** posts! Posts that you Re-MV will be shared on your own feed, so if you see something interesting and want to share this with fans, you can easily do so!

I found a post that goes against the Community Guidelines. What do I do? If you find anything in violation of MV's Community Guidelines or Upload Rules, you can click the 3 grey dots on the right of the post and select "Report". The post will no longer show on your feed and MV Support will review the post!
