Why should MV Stars take part in contests? Contests are an exciting way for MV Stars to promote themselves and their content, be seen by new MV Members, and achieve more success on MV!

When do contests happen? Every week we have a new unique contest running. Sometimes the contest is a 1-day contest (Winning Wednesday) and at other times there may be a longer theme contest happening with even bigger prizes.

Participating in contests is easy! No matter if you win or not, you'll be sure to have a great time and get additional exposure for your MV profile.
