What are Store "Items"?

Found on your MV Profile under the [Store tab](#) you will find the "Vids" tab and the "Items" tab. The "Items" section is a personalized online storefront where you can sell store items, including physical goods, directly on your ManyVids profile, and ship them directly to your fans. Selling items is a great way to generate revenue through selling physical items like clothing and collector's items, in addition to digital items like photosets and more!

What am I permitted to sell?

To keep our Community safe and maintain our relationships with payment processors, there are certain items that are prohibited from being sold in your MV store.

The non-exhaustive list of prohibited items includes, but is not limited to:

- Alcohol, tobacco, drugs, drug paraphernalia, medical drugs, medical devices, vitamins, and supplements;
- Dangerous items: hazardous materials, recalled items, and weapons;
- Hate items: items that promote, support, or glorify hatred;
- Violent items: items that promote, support, or glorify violence;
- Illegal items or items promoting illegal activity;
- Highly regulated items (such as food or animal products, plants or seeds, animals...etc);
- Items that violate third-party intellectual property rights; or
- Any other item MV deems unfit for sale on the Platform, in its sole discretion.

For guidance on what is permitted to ship, please consult the policies of your regional postal service, courier or delivery service.
