Everything you need to know about purchasing on MV.

---

## What payment options are available to buy content on MV?

We have a range of payment options for you to purchase vids, store items and services with us!

Here are our accepted payment options:

- Credit cards such as Visa, MasterCard, Discover, or Diners Club International cards.

We accept these alternate payment methods:

- MV's very own MV Wallet! (click [here](#) to learn more)
- Bitcoin and over 50 alt coins (click [here](#) to learn more)

Users in eligible regions can also check out with these payment methods:

- **EPS** - Austria
- **iDeal** - Netherlands

Simply select your payment method of choice at checkout and follow the prompts!

## How do I load/use MV Wallet?

MV Wallet is a great way to pay on ManyVids! With the MV Wallet, you don't need to enter your credit card information at each checkout. *You will be granted the option to load your MV Wallet once 30 days have passed since your first credit card purchase on MV.*

## How do I load my MV Wallet?

1. Go to your drop-down menu
2. Click "Load" next to My Wallet
3. At the very top you will see a button that says <Load Wallet> and your current wallet balance.
4. Click <Load Wallet>, select the amount you want to add and hit <Checkout> to proceed with your payment.

Next time you go to checkout, you will have to option to pay with your MV Wallet balance!

*Please note, you cannot pay with a partial wallet balance, in order to use you wallet, your balance must match or be more than the amount in your cart.*

# How do I pay on MV with Cryptocurrency?

Do you own any cryptocurrencies? If yes, we have some good news for you! We support payments with **Bitcoin, XRP, Ether, Litecoin, and over 50 other Altcoins**. Click [here](#) to view the full list of accepted cryptocurrencies.

## Pay with Bitcoin or another Currency

1. **Select cryptocurrencies as a payment method.** Go to checkout and select the cryptocurrency payment option. You will be redirected to complete the payment on our processor's invoice page. You will have 20 minutes to make the transaction.
2. **Choose the desired payment currency.** Click on the digital asset you wish to pay with. You will notice BTC, XRP, ETH and LTC at the top, while other supported cryptocurrencies can be viewed under the "More currencies" tab.
3. **Enter your email address (optional).** This is optional; however, we encourage you to provide a contact email in case of payment issues.
4. **Make the transaction.** You will see the payment amount, a unique address to send the transaction, as well as a QR code (for XRP transactions, do not forget the destination tag). You can proceed as follows:
  - Click on the wallet button to open a supported wallet on your device.
  - Scan the QR code with your mobile wallet.
  - Copy/paste the displayed amount and address to your cryptocurrency wallet. You will notice a confirmation screen right after. You can also pay for the invoice via the Lightning Network. Check the [step-by-step](#) guide for the instructions.
5. **Payment confirmed.** Your transaction will typically be detected within a few seconds after it was broadcast to the network, regardless of the currency you are paying with. Once detected, the page will immediately display a 'Confirming' message which will then change to 'Paid and Confirmed'. The payment is now completed and your order is on the way!

**Important to know:** we strongly advise not to make purchases from exchanges as your payments may arrive late.

## Advantages of Paying with Cryptocurrencies

In some cases, paying with cryptocurrency can be much more convenient than using traditional payment methods. Here are a few reasons why:

- **Transactions are quick and simple:** The transaction speed of different cryptocurrencies can range between a few seconds up to 10 minutes, and therefore will always be faster than a traditional bank transfer. On top of that, you don't need any physical payment cards or to tediously enter billing details to make the payment.
- **No added fees:** Cryptocurrency transaction cost depends on many factors. While 'pre-mined' digital assets can boast of nearly cost-less transactions, payments with Bitcoin or Litecoin might cost more because of miner fees. However, the payment option allows purchases via both Bitcoin and Litecoin using the Lightning Network, which reduces the costs to a fraction of penny.
- **Pay from anywhere in the world:** There are no cryptocurrencies that care about borders. Whether you pay with cryptocurrency in a local shop or transfer it to another continent, the payment will be processed in the same time frame, for the same price.
- **Stay private:** Nobody can see your identity behind a wallet address. Cryptocurrencies are well-suited for those

who wish to retain a certain level of privacy. Other than your email address, we will not ask for any additional information.

## How do I resolve a duplicate charge?

If you have been billed twice for the same purchase and both are appearing in your Purchase History please reach out to [help@manyvids.com](mailto:help@manyvids.com) for assistance. Make sure to include your Sales ID and any other relevant details.

If you notice that you have been billed twice and you only have one purchase appearing in your Purchase History, this most likely means that your first transaction was unsuccessful and the funds are being held by your bank. The unsuccessful purchase is only an authorization, and the funds will be returned to your card within 7-10 business days!

## RocketGate & RocketPay Information

**RocketGate is MV's main payment processor.** They offer a feature at checkout when paying with a credit card called **RocketPay** which saves your checkout information for ease of use on future purchases. For information on how to edit your RocketPay details, you can visit <https://rocketpay.net/faqs>.

*Please note*, RocketGate is a PCI tier 1 compliant payment gateway. This means they securely and safely store cardholder data (once you have made a purchase). They are approved by Visa, MasterCard and other card brands to provide services to cardholders.

**If you wish to have your information removed from RocketPay completely**, please contact MV Support via [help@manyvids.com](mailto:help@manyvids.com) with your request and we will ask that RocketGate remove your details.

## How do I remove my credit card detail from Rocketpay?

If your credit card details were saved on MV through Rocketpay and you need them removed, we can help you with that! Simply reach out to us at [help@manyvids.com](mailto:help@manyvids.com) through the email attached to your account to let us know and we'll contact our processor to have the details removed.

Please note that this process can take 1 - 2 business days and we'll be sure to notify you once the request is fulfilled!

## How do I download my purchased vid?

Depending on which device you are using the process may be slightly different, so locate your device below and follow the corresponding steps. Please note, if the vid is set to "**Stream Only**" by the Creator it will not be able to be downloaded.

We highly recommend the use of **VLC media player** when playing your downloaded vids.

---

### Desktop/Mac

---

- Go to the drop-down menu > **Purchase History**.
- Locate the vid, click on the 3-dots to the right of the vid and select <Download>.
- A pop-up box will appear where you can choose between downloading the **Original** file or a **Compressed** file.
- Right click on the file type of your choice (2-finger click on Mac) on 'Download Original' or 'Download Optimized' and click 'Save Link As' and choose your file destination.

---

### Android

---

- Go to the drop-down menu > **Purchase History**.
- Locate the vid and scroll to the right, click on the 3-dots and select <Download>.
- A new window will open where you will be able to choose between downloading the **Original** file or an **Optimized** file.
- Press <Download Original> or <Download Optimized> (Note: some vids may play at this point, others will require the following 2 steps).
- Once the download is complete you will see 'Open In'.
- Select the media player of your choice.

---

### IPhone

---

- Download the VLC media player app in the App Store.
- Go to the drop-down menu > **Purchase History**.
- Locate the vid and scroll to the right, click on the 3-dots and select between downloading the **Original** file or an **Optimized** file.
- Hold down 'Download Original' or 'Download Optimized' and then select <Copy Link URL>.
- On the VLC media player app, click on the cone icon at the top left (in some versions you will instead click <Network> at the bottom).
- Select the 'Downloads' tab and paste the URL.
- Press the <Download> button below the link.

*\*If you are encountering any issues with a purchased vid after download, contact [help@manyvids.com](mailto:help@manyvids.com)*

## How can I update the credit card being used for my subscriptions?

Looking to update the credit card that is being billed for your subscriptions? No problem!

Send a quick email to [help@manyvids.com](mailto:help@manyvids.com) and our Customer Support Team will help guide you to make these billing changes.

Note: Updating your credit card information without turning off your subscriptions will allow you to retain the original pricing!

## I didn't receive my Custom Vid

Custom Vids have various delivery time-frames. Some Creators offer delivery times such as 24 hours, 48 hours, 1 week, 2 weeks, etc. If you have not selected an earlier delivery date, you can expect to receive your custom vid within 30 days of the purchase date.

### Custom vids that are overdue

If your custom vid is passed the due date on your receipt, we encourage you to contact the Creator through the sites PMs to get an update. If you do not hear back from the Creator and your order is overdue, please reach out to us at [help@manyvids.com](mailto:help@manyvids.com) with the Creator's username and the Sales ID.

We'll be happy to mediate the purchase and do everything we can to help out!

### Custom vids that are not overdue

If your custom vid is not yet passed the due date, the MV Team won't be able to mediate the purchase as it's still within the delivery time-frame. However, you can reach out to the Creator directly to get an update on your order! You can find more info on that here: [Messaging Inbox](#)

## I didn't receive my Store Item

Creators have 30 days from the purchase date to fulfill Store Items. Within that 30 day period you, will have the ability to private message the Creator in case you need to check on the status of your order.

If your store item is passed due, feel free to reach out to the Creator directly for an update. If you are no longer able to contact the Creator, please reach out to [help@manyvids.com](mailto:help@manyvids.com) with the Creator's username and the Sales ID, we'll be happy to mediate the purchase and do everything we can to help out!

*Please make sure to report all non-delivered store items within 120 days in order to be eligible for a credit.*

## I didn't receive an incentive for Contest Votes or a Tip

Contest Votes and Tips are considered donations and are non-refundable. If a Creator promised an incentive in exchange for a Contest Vote or Tip, they alone will be liable for delivery. If your incentive is taking extra time to be delivered, we suggest you reach out to the Creator directly to get an update.

## How can I Identify Stream-Only Vids and Memberships?

### Identify Stream Only Vids

To identify if a vid is Stream Only (not available for download), visit the vid page.

Below the vid, it will say "Stream Only" to the right of the resolution.

### Identify Stream Only Vid Bundles

To identify if a Vid Bundle is Stream Only, click on "Get My XX Vids" under the Creator's profile picture and you will see a pop-up box that says "Get instant access to XX **Stream Only** vids plus exclusive and new vids added during your Vid Bundle."

If it does not specify "Stream Only" it means the vids included in the Vid Bundle are available to download.

*Please note, MV Creators have the ability and discretion to change their vids and/or Vid Bundle to stream-only or downloadable at any time.*

## How do I access my Club subscriptions?

You can access your exclusive Club subscriptions through your Club tab in your profile. Simply click Club > My Subs to get there.

Alternatively, you can access Club content from your Purchase History:

1. Go to your drop-down menu
2. Purchase History
3. Next select 'Club' from the filter in the right hand corner
4. Click For Subs

Your Club subscriptions will all be displayed in your Purchase History. *Note: Expired subscriptions will still be listed and you have the option to renew them if you desire.*

Another way you can view Creators' Club feeds, is:

1. Go directly to the Creator's profile (ensuring that you have an active subscription with them)
2. Club
3. For Subs

To learn how to turn off recurring billing for Club subscriptions, visit the article: [How to turn off recurring billing for a subscription such as a Club or Membership?](#)

## How do I turn off recurring billing for a subscription such as a Club or Membership?

### Automatic billing on MV

On MV, some services automatically renew according to the frequency of the initial purchase. These include but are not limited to Premium Memberships, Vid Bundles and Club.

Only purchases made through RocketGate can rebill.

When making a purchase on MV, you will be notified of this upon checkout. Watch for this message to know whether a purchase is recurring:

Longer billing periods will need to be paid for up-front, but in exchange you get a discount on a per-month basis.

## How to turn off recurring billing for Creator services

1. Go to your drop-down menu > **Purchase History**
2. Locate the **original purchase**
3. Click the 3-dots to the right of the **original purchase**
4. Click <Turn Off Rebill>

Make sure that you are turning off the rebill for the original purchase!

## Turning off recurring billing for Premium Membership

To check if your Premium Membership is set to auto-renew, the "**My Billing Options**" will display under Settings in your profile.

What you will see upon purchasing Premium Membership that is set to auto-renew

To deactivate your recurring billing:

1. Go to the drop-down menu
2. Settings
3. Scroll down and view "**My Billing Options**"
4. Deselect the checkbox "Set your Premium Membership to Auto-Renew"
5. Click <Save>

Un-check the option to auto-renew then click  
SAVE

Once you hit <Save>, you will see a pop-up on the upper right confirming that you will no longer have this membership renewed/rebilled.

## How do I download my purchased Photo Set?

When you purchase a Photo Set from a Creator, you should first check if the file is already attached to the store listing. If so, you will be able to download the Photo Set in the form of a .zip file directly from your Purchase History (found in your drop-down menu). To check if the file is attached, go to the store item listing and look for "Downloadable file" just above the total cost.

If you see this on the Photo Set listing, it will be immediately  
downloadable!

### If the file is attached

1. Go to your [Purchase History](#)
2. Locate the purchase
3. Click the 3-dots to the right of the item
4. Click "Download" to receive your purchase!

### If the file is not attached to the item listing

The Creator will need to send the Photo Set to you by another method. The Creator will have 30 days to fulfill the order before it is considered overdue and you can [private message](#) the Creator within that period to discuss your purchase.

If the order is not fulfilled within that time frame, be sure to reach out to MV Support via [help@manyvids.com](mailto:help@manyvids.com) and we'll gladly mediate on your behalf!

## Why am I having trouble checking out with my credit card?

Having trouble checking out? You can first check to see if it is the following reasons:

## Were the details entered correctly?

Check to see if there are any errors in the entry of the numbers or card details.

## Is my card expired?

This is often overlooked as a possible cause of checkout issues. You can try out a different card or look through all of our other payment options [What payment options are available to buy content on MV?!](#)

If all the details are correct and your card is still valid, there may be other, more specific reasons why you are having issues with checking out. Oftentimes, the error message that you receive will give you an insight as to what the issue could be. Some of the common ones you may encounter are:

## Declined CVV2

Check to see if there are any errors in the entry of the numbers or card details. For this error message, you would want to check the 3-digits found at the back of your credit card to make sure that they are the correct ones being entered.

## Declined Invalid card

The bank has indicated that the account is invalid. When you see this as an error message, this means that the bank does not recognize the numbers on the card. For this you will want to try again and ensure that the numbers being entered are correct.

## Declined

This will be the error message if your financial institution has declined the transaction. Kindly reach out to your bank to learn more.

We also have a few unique transaction errors that you may encounter on the site. Here are a few examples and what you can do in those cases:

## (216) Transaction Error

If you are seeing this error when attempting to check out, you can reach out to us at [help@manyvids.com](mailto:help@manyvids.com) so we can assist you further.

## (208) Duplicate Membership

This may mean that you are attempting to purchase a subscription/membership that you have already purchased or are currently actively subscribed to. **Do not try to purchase a different subscription length if this happens.** Please reach out to our Support team if this is not the case and we will be happy to look into this for you.

*If you are still having trouble with your purchase, feel free to reach out to us at [help@manyvids.com](mailto:help@manyvids.com) and one of our Support Agents will get back to you with a solution!*

## Are there any other charges I should look out for when purchasing from MV?

All prices you see on MV are exclusive of any applicable taxes. Upon checkout, our 3rd party payment processor may add in taxes where local laws apply.

For more information, please visit our [Information](#) page for more details!

*If you have any questions, feel free to reach out to our Support Team at [help@manyvids.com](mailto:help@manyvids.com)*

## How do I access the vids in a Vid Bundle I just purchased?

To access vids that are included in your Vid Bundle purchase:

1. Click the drop-down menu
2. Select My Profile
3. Click Purchased > Vid Bundle

Alternatively, you can also can visit the Creator's profile. All vids that are included in the Vid Bundle will be available for either streaming or download from there.

If you are having any trouble accessing your purchased Vid Bundle, please feel free to reach out to us at [help@manyvids.com](mailto:help@manyvids.com) and we'll be happy to assist!

## Where can I find my purchased content?

You can find purchased content in your **Purchase History**

To view your very own Purchase History, all you have to do is to click on the drop-down menu at the top right of the page and select **Purchase History**:

Your purchases are always available from the drop down menu.

## For details on viewing specific content types, click on a category below!

1. [Vids](#)
2. [Photo Sets](#)
3. [Membership](#)
4. [Clubs Content](#)

If you have a purchase that you're having trouble locating, reach out to us at [help@manyvids.com](mailto:help@manyvids.com) and we will be happy to help you with it!

## Unified Club Feed

You can now view all your free and subscription Club content in one place!

### All

The "All" filter shows all content you're subscribed to. This includes all paid content and free activity.

- On a Creator profile, this shows the Creator's full feed: free + for subs (if you are subscribed to their Club)
- If you're a Creator, when logged in and viewing your own profile 'ALL' shows activity from everybody that you follow. You can find more info on that here: [MV Club/Feed Activity](#) (Note: your auto-posts are only visible to users viewing your profile and won't be visible to you if you're logged in to your account.)

### Free

The "Free" filter shows only free posts from users that you follow.

## Viewing paid subscriptions

If you have two or more paid club subscriptions, simply select "For Subs" on the Club tab:

Need to access your Club feed? You can find more info on that here: [How do I access my Club?](#)

## Free Tokens with Vid Purchases

### What is "Free Tokens with Vid Purchases"?
