

## 10% Cash Back in Wallet Credits

Last Modified on 04/10/2024 9:27 am EDT

# What is "10% Cash Back in Wallet Credits"?

We're excited to announce our latest offer that lets you enjoy more of what you love for less! For a limited time, our Members will receive an instant 10% cash back in wallet credits on all 'Vid' or 'Vid Bundle' purchases. This is our way of saying thank you for your continued support and helping you get even more value from your purchases.

## How does it work?

Every time you purchase a 'Vid' or 'Vid Bundle' during the promotional period, we'll automatically apply a 10% cash back in wallet credits to your account. This means instant savings, giving you more wallet credits to use on future purchases. Here's what you need to know:

- **Instant Application:** Your 10% cash back is instantly applied to your MV Wallet.
- **Exclusions:** The cash back applies to the purchase price before any applicable taxes and cannot be combined with any other promotional codes.
- **Tracking Your Savings:** Easily view your cash back transactions by sorting your purchase history by "ALL" or checking your invoice for detailed information.

## Eligibility and Conditions

- **Promotional Window:** All purchases made during the promo period qualify. Should there be any delay in processing your payment, rest assured, we will honor the cash back based on your checkout time.
- **New Accounts Welcome:** New members will receive wallet credits from their purchases. These credits are available for immediate use. However, adding more funds to your wallet will be enabled after your account is active for 30 days, which is when a "LOAD" button will appear in your MV Wallet.

## Maximize Your Experience

- **Spend and Save:** Use your cash back on future purchases, enjoying even more of your favorite content at a fraction of the cost.
- **Stay Informed:** Keep an eye on your purchase history and invoices to track your savings and your wallet credit balance.

Happy saving and thank you for being a valued Member of our community!
